**Attach:** War of 1812 Certificate.pdf; General Society of the War of 1812.pdf  
**Subject:** You are eligible. See attachments.

I joined another society just for the joy of being able to remember and honor our frontier forbearers. They made this the Promised Land. When I join, I feel I was there through the history of this first nation of all the nations. I am sending you this email because you are a descendant and therefore you and your descendants were also there. We now have official memberships in the societies of the Mayflower, the American Revolution, the War of 1812, and the Civil War, and are eligible for the Jamestown Society. One of our ancestors was a Minuteman at the opening battle at Lexington and Concord. Wren Grayson saw the ending of the War with Britain in 1815. Andrew Jackson Grayson fought at the first skirmish of the Civil War and then at the Battle of Shiloh under Grant. Our Jewish ancestors came 80 years before the Holocaust because this was the Promised Land. What does it all mean? Liberty.
